

PrimeCore Asset Register

PC-A001 HQ-FW

Field	Recorded value
Asset ID	PC-A001
Name	HQ-FW
Location or role	EVE HQ firewall
Specification	pfSense; installed version to verify
Addressing	WAN 192.168.1.159/24 DHCP; LAN 10.10.10.1/24; VLAN gateways in PC-13
Owner role	IT Administrator
Evidence status	Observed interfaces
Serial or VM ID	Not recorded
Software version verified	Not recorded
Last verification	13 Sep 2026 evidence
Backup policy	To assign
Disposal date	Not recorded

PrimeCore Asset Register

PC-A002 HQ-MONITOR

Field	Recorded value
Asset ID	PC-A002
Name	HQ-MONITOR
Location or role	EVE HQ monitoring guest
Specification	Ubuntu 26.04; root filesystem about 24 GiB
Addressing	192.168.90.60/24; GW 192.168.90.1; ens3
Owner role	IT Administrator
Evidence status	Observed services and address
Serial or VM ID	Not recorded
Software version verified	Not recorded
Last verification	13 Sep 2026 evidence
Backup policy	To assign
Disposal date	Not recorded

PrimeCore Asset Register

PC-A003 HQ-EMP-LAPTOP

Field	Recorded value
Asset ID	PC-A003
Name	HQ-EMP-LAPTOP
Location or role	EVE HQ test endpoint
Specification	OS and allocated capacity to record
Addressing	192.168.11.100/24; GW 192.168.11.1; ens3
Owner role	Test custodian
Evidence status	Observed test endpoint
Serial or VM ID	Not recorded
Software version verified	Not recorded
Last verification	13 Sep 2026 evidence
Backup policy	To assign
Disposal date	Not recorded

PrimeCore Asset Register

PC-A004 EVE host

Field	Recorded value
Asset ID	PC-A004
Name	EVE host
Location or role	Lab virtualisation platform
Specification	Host CPU, RAM, disk, version and location to record
Addressing	Management address to record
Owner role	Lab owner
Evidence status	Inventory required
Serial or VM ID	Not recorded
Software version verified	Not recorded
Last verification	Pending
Backup policy	To assign
Disposal date	Not recorded

PrimeCore Asset Register

PC-A005 Directory service

Field	Recorded value
Asset ID	PC-A005
Name	Directory service
Location or role	Proposed or existing Samba AD role
Specification	Domain, hostname, version and backup to verify
Addressing	Address and site to record
Owner role	Identity administrator
Evidence status	Discovery required
Serial or VM ID	Not recorded
Software version verified	Not recorded
Last verification	Pending
Backup policy	To assign
Disposal date	Not recorded

PrimeCore Asset Register

PC-A006 File service

Field	Recorded value
Asset ID	PC-A006
Name	File service
Location or role	Proposed or existing shared-file role
Specification	Host, shares, ACL model and capacity to verify
Addressing	Address and site to record
Owner role	Data owner
Evidence status	Discovery required
Serial or VM ID	Not recorded
Software version verified	Not recorded
Last verification	Pending
Backup policy	To assign
Disposal date	Not recorded

PrimeCore Asset Register

PC-A007 Backup repository

Field	Recorded value
Asset ID	PC-A007
Name	Backup repository
Location or role	Planned protected recovery copy
Specification	Capacity, software and immutability to select
Addressing	VLAN 91 gateway is evidenced; repository is not
Owner role	Backup operator
Evidence status	Planned
Serial or VM ID	Not recorded
Software version verified	Not recorded
Last verification	Pending
Backup policy	To assign
Disposal date	Not recorded

PrimeCore Asset Register

PC-A008 Azure prototype

Field	Recorded value
Asset ID	PC-A008
Name	Azure prototype
Location or role	Planned Australia East resource group
Specification	Gateway, test VM and logging in PC-05
Addressing	Proposed 10.60.0.0/16; P2S 172.30.250.0/24
Owner role	Cloud administrator
Evidence status	Planned
Serial or VM ID	Not recorded
Software version verified	Not recorded
Last verification	Pending
Backup policy	To assign
Disposal date	Not recorded
